391386 (E9KKHOBAMCG)

23-It electric Fryer with 1 "V" shaped well (external heating elements), electronic control, programmable, 2 half size baskets - HP

391339 (E9KKHDBAMCG)

23-lt electric Fryer with 1 "V" shaped well (external heating elements), electronic control, programmable, 2 half size baskets - HP

Short Form Specification

Item No.

High efficiency external infrared heating elements (18kW) with innovative deflectors attached to the outside of the well. Deep drawn V-Shaped well and equipped with electronic control panel. Melting function to safely heat-up solid shortening used to fry products. Oil drains through a tap into a container positioned under the well. Height adjustable feet in stainless steel. Exterior panels in stainless steel. Worktop in 20/10, stainless steel. Right-angled side edges eliminate gaps and possible dirt traps between units.

Main Features

- Deep drawn V-Shaped well.
- Interior of well with rounded corners for ease of cleaning.
- External infrared heating elements for ease of cleaning of internal well.
- Melting function to safely heat-up solid shortening used to fry products.
- Thermostatic regulation of oil temperature up to a maximum of 185 °C.
- Overheat protection thermostat as standard on all units.
- Oil drains through a tap into a drainage container positioned under the well.
- All major compartments located in front of unit for ease of maintenance.
- Unit to be equipped with electronic control panel.
- Unit is 93 cm deep to give a larger working surface area.
- IPX5 water resistance certification.
- The special design of the control knob system guarantees against water infiltration.
- Exterior panels in Stainless Steel with Scotch Brite finish.
- Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.
- Unit delivered with four 50 mm legs in stainless steel as standard (all round Stainless steel kick plates as option).
- Supplied as standard with 2 half size baskets and 1 right side door for cupboard.

Construction

- Unit is 930 mm deep to give a larger working surface area.
- All exterior panels in Stainless Steel with Scotch Brite finishing.
- Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.
- Interior of well with rounded corners for ease of cleaning.
- Unit delivered with four 50 mm legs in stainless steel as standard.

Sustainability

 This model is compliant with Swiss Energy Efficiency Ordinance (730.02).
