

Percolator - Design by Bronwasser

211434

Designed with your guests in mind by renowned Dutch designer Robert Bronwasser. The unique design and attention for details make this appliance an eye-catcher on any buffet. Single walled stainless steel body, with stylish polypropylene handles and lid. Unique non-drip tap design with integrated graduated glass. The drip tray is magnetic, it can be removed without lifting or spilling. Filter pan has built-in filter for coarsely ground coffee, filter paper not needed. The percolator keeps the coffee at serving temperature after brewing. The indicator light signals the end of the brewing process and if descaling is needed.
