

DB301S-3

Backbar Cooler

Product Features

- Approx. 56% more energy efficient than previous DB-range
- Double glazed tempered glass
- Energy saving variable speed compressor
- Ventilated cooling for fast pull-down and even temperature
- Easy access electronic thermostat
- Adjustable shelves
- LED interior light

Energy-efficient backbar cooler

This new range of DB backbars is highly energy efficient and uses in average 56% less energy compared to the previous models from the same range. This backbar has ventilated cooling for a short pull-down time to ensure that you can keep up with customer demand for cold beverages. The temperature is easily adjusted on the electronic thermostat. The backbar cooler has self-closing sliding doors with double glazed tempered glass, which gives a nice product presentation. The adjustable wire shelves have a white plastic coating for easy maintenance. The backbar is ideal for busy bar environments, and with its black exterior and stucco aluminium interior it has a contemporary look. A great choice for any bar. The DB range is also available in a variant with hinged doors.
